

NC State ANNUAL WASTEWATER COLLECTION SYSTEM REPORT

Calendar Year 2014

For Distribution to the Users of the North Carolina State University (NC State) Wastewater Collection System as required by General Statutes Chapter 143-215.1C(a).

There were no reportable Sanitary Sewer Overflow (SSO) events during the year 2014.

REMINDER: Fats, Oils and Greases ("FOG") should not be disposed to the drain. Doing so could cause a sewer overflow. Allow to cool, and then place these materials in a suitable container and dispose with the trash.

If there are any questions regarding this notification, please contact Kenneth Taft, 919-513-7176, or by email: jktaft@ncsu.edu.
